

Life Energy Motion

LEM Group Safety Policy

As a leading company in electrical measurement, LEM engineers the best solutions for energy and mobility, ensuring that our customers' systems are optimized, reliable and safe. Safety is a fundamental part of the LEM Group strategy.

CUSTOMER FOCUS

We work systematically to offer solutions that yield real safety benefits. We base our efforts on the safety-related needs of our customers and their applications. We take into account the final customers, users, operators, and local market conditions.

PRODUCT DESIGN FOCUS

Product safety is Top priority and a fundamental part of product development. We base our work on in-depth knowledge about how our products are used and a systematic evaluation of potential safety-related risks.

MANPOWER AND HUMAN FOCUS

Leaders and staff contribute actively to the principles of the safety policy and work to maintain a high level of awareness and know-how of safety-related aspects.
